

Prof. Dominique Foray

*Chaire en Economie et Management de l'Innovation (CEMI)
Collège du Management de la Technologie (CDM)
Ecole Polytechnique Fédérale de Lausanne (EPFL)*

D. Foray is full professor at the Ecole Polytechnique Fédérale de Lausanne (EPFL) and holds the Chair of Economics and Management of Innovation (CEMI).

He is currently chairman of the expert group “Knowledge for Growth”; a group of prominent economists created to advise J. Potocnik (Member of the European Commission).

He is also a member of the National Research Council (Switzerland); the Advisory Board of the Swiss Economic Institute (KOF) and the World Economic Forum’s Global Agenda Council

D. Foray has recently published “The economics of knowledge” at MIT Press, paper edition, 2006

D. Foray research's interests include all topics and issues related to the economics and management of technology, knowledge and innovation at both the micro and macro levels. This broad field covers the economics of science and technology with a particular focus on high tech sectors, the management of large-scale technological projects, international comparisons of institutions, and systems of innovation within the context of the new economy. Intellectual property and competition policies, information technology and the new economy, capital market and entrepreneurship, national systems of innovation are fields of high relevance in his research.
